

BOLSHEVIKI DEFEAT ALLIES BY TAKING CHARGE OF VILNA

(By International News Service.)

PARIS, Nov. 26.—Momentous developments of both warlike and peaceful nature, all involving soviet Russia, have taken place in the last 24 hours.

It is reported from a reliable source that Bolshevik forces have occupied Vilna, the Lithuanian city recently seized by Polish detachments under Gen. Zeligowski. Other strong detachments of soviet soldiers are moving east of Vilna.

(Note.—Official announcement was made in the course of league of nations assembly meeting at Geneva that an international league of nations army was to be created and sent to Vilna to occupy the city pending a plebiscite to determine its future nationality.)

For the second time reports have been received from Riga that the soviet Russian delegation has broken off peace negotiations with the Poles. This second report was contained in an Exchange Telegraph dispatch which intimated that Russia might be preparing for a renewal of hostilities.

The way is now open for French traders to enter into commercial relations with soviet Russia, although France is still determined not to grant formal recognition to the Moscow government.

Announcement to this effect, which was made to the foreign committee of the chamber of deputies, created a sensation. It was stated on behalf of the French government that individuals will be authorized to trade with Russia on their own responsibility.

Premier Leger, of France, opposes the Russian blockade and it is possible that France and Great Britain may jointly announce its abolition.

With Great Britain, France and Italy trading with soviet Russia, the United States would be the only one of the great western powers still holding aloof from Russian commercial intercourse.

France no longer recognizes in Gen. Wrangel a potential anti-Bolshevik force. French recognition of the Wrangel regime ceased with Wrangel's defeat in Crimea.

Announcement to this effect was made simultaneously with the statement of trade relations.

Japs Overrunning Western State, Is Claim Of Lecutrer

"The Japanese are taking possession of California," asserted R. B. Baumgardt, lecturer, astronomer and sociologist, at Goodwyn institute Thursday night in his illustrated lecture, "My California." They colonize the best localities," the lecturer continued, "and by their system of living with which the white men can not compete and also by their clanishness and unscrupulousness they drive out the white man."

"The potato king of California is a Jap. Before he got the monopoly we could buy potatoes in season at \$1 a bushel. Now they are 25 cents for two pounds. Formerly we could buy strawberries six boxes for a quarter when they were plentiful. Now, since the Japs monopolized the berry market the last few years is 15 cents a box, no matter how plentiful they may be."

"The Japanese are remarkably prolific. In one northern county 11 Japanese children are born to one white child. In many districts the schools are solidly Japanese with one or two exceptions. The temples of Buddhism are replacing the churches of Christianity. We are rapidly becoming Asiaticized."

Dr. Baumgardt gave a striking and impressive word painting of the beauties of his state and spoke with pride of the rapid growth of his own city, Los Angeles, that a few years ago numbered 40,000 people and now numbers 845,000, having spread to San Pedro on the shore 20 miles away from the city hall.

His second lecture, "The Spell of Greece," will be given Friday night. Saturday night, "Shakespeare's England" will be the topic. Friday afternoon at 3 o'clock Dr. Baumgardt will address the Nineteenth Century club on "Rebuilding the Temple."

Negress Cut By Boozed Crazy Man

Pearl Connor, 28, negress, living at 682 South Main street, was cut about the head by a drunken man who attacked her on the street late Thursday night. Police have been unable to locate the negro woman's assailant.

BAKE FRUIT CAKES AS LIVELIHOOD MEANS

Eking out an existence largely through their culinary capabilities two "bachelor" women with a reputation for fruit cake baking are in a position to attest the claim that Memphis has a sweet tooth.

Every year, as Yuletide season approaches, these two pastry experts get busy with currents, suet and all the other good things that go into a first-class fruit cake, and the results from their efforts goes a long way toward tiding them over the winter months. Costs have decreased but little in the last year, but they have not lost the recipe or their skill and will welcome orders again. They can be reached at Hemlock 238.

W. W. WILLIS DIES.

KNOXVILLE, Tenn., Nov. 26.—W. W. Willis, formerly cashier of the Knoxville Banking and Trust company, which went into liquidation in 1912, died this morning after two days' illness of meningitis. In more recent years he has conducted a bond and brokerage business.

TRI-STATE BRIEFS

PINE BLUFF, Ark.—The Pine Bluff Clearing House association has named a delegation to attend the cotton conference at Memphis to be held Dec. 7 and 8. Besides members of the association, the following have been named: J. W. Nunn, of Hummer Green company; J. W. Wilkins, of Southern Grocers company; E. W. Freeman, the Commercial; and George H. Adams, Graphic.

PINE BLUFF, Ark.—News has been received here of the promotion of Dan Taylor, formerly of Pine Bluff, son of Congressman Sam Taylor to the position of general attorney of the Rock Island railroad for the state of Illinois. His headquarters will be in Chicago, where he has been living the past year employed by the same company, in the legal department.

KNOXVILLE, Tenn.—Proceedings have been received by Col. Sam E. Chicago from the state supreme court in the case of Maurice Maye, negro, charged with the murder of Mrs. Lillie Lindsey, a white woman, which case the court had reversed and remanded for new trial. There is much interest in this case, the murder having precipitated the race riot here.

HERE COMES THE BRIDE, RIDING IN A CARRIAGE DRAWN BY CHORUS GIRLS

Members of the London Hippodrome beauty chorus drawing Mrs. Bryan in the bridal carriage.

When Miss Rene Ashe, of the "Jig-Saw" company at the London Hippodrome married Hal Bryan, Blackpool entertainer, 20 members of the "beauty chorus" at the Hippodrome acted as guard of honor and after the ceremony drew the coach containing the happy pair through London streets.

Increase In Divorces Causes Alarm To Pope

(By International News Service Staff Correspondent.)

ROME, Nov. 26.—The tremendous increase in divorce in the United States is viewed with deep apprehension by the Vatican. Monsignor Bonaventura Cerretti, adviser to Cardinal Gasparri, the papal secretary of state, today characterized the spread of divorce, not only in America but elsewhere throughout the world as a "wave which threatens to submerge and destroy not only the sanctity of family life, but the very foundations of society."

Pope Benedict XV is not contemplating any special measures at the present time against the divorce evil, but it was stated at the Vatican that any attempt in this direction, no matter from what quarters it comes, will receive the hearty support of the pontiff and his official family.

Rumors have been current that Pope Benedict would issue a worldwide appeal against divorce or take some other measure to combat the loosening of the marriage tie.

Monsignor Cerretti, in discussing this rumor, said: "No change is contemplated at present in the decided and consistent attitude adopted by the holy see in regard to divorce. The Roman Catholic church has always condemned divorce and continues to combat it both from the pulpit and in various papal allocations dealing with the sanctity of marriage and family ties. The subject has recently acquired special zest as a result of the presidential campaign in the United States."

Pope Gratified.

"That several members of the non-

Episcopal clergy in the United States have recently taken a firm attitude against divorce was a matter of deep satisfaction to the holy father, because it indicates that men and women with healthy minds and religious tendencies are building up a dike against this wave which threatens to submerge and destroy not only the sanctity of family life, but the very foundations of society. One of the most eloquent spokesmen for the view of the holy see on this subject has been and continues to be Cardinal Gibbons.

"The Vatican at this time is not contemplating any intensification of its campaign in the United States against divorce because it has never changed its firm attitude in defense of the holiness of the marriage tie. But any attempt in this direction, no matter from what quarter it comes, will receive the Vatican's hearty approval and support."

URGES HUGE GUNS FOR NAVAL BASES

Chief of Engineers Wants Nothing Less Than 16-Inch.

WASHINGTON, Nov. 28.—Adequate defense of naval bases calls for the installation of no major caliber armament of less than 16-inch guns, Maj. Gen. Lansing H. Beach, chief of engineers, declares in his annual report made public today. The armament must possess power and range sufficient to oppose successfully any which can be brought against it by a hostile navy, the report asserts, and should be placed on fixed mounts.

Existing armament should not be removed, Gen. Beach says, as it has an important function in constituting interior and secondary lines of defense, especially against armored raiding vessels or fire ships, and to pass the outer main line of fortifications.

Construction of a comprehensive system of interior roads and waterways especially along the frontier, is of great necessity as a measure of defense, the report said. A Jap waterway between Chesapeake bay and Delaware bay, thence to New York harbor and Long Island sound, the report declared, would "provide a means of defense of immense value."

Three classes of roads are contemplated: Arterial, or feeder highways; development roads, the location of which has not been determined; and the present road and trail system, which would be continued.

GREEKS WILL STICK.

ATHENS, Nov. 26.—All the Greek officials are reported to have declared their willingness to serve under the new government. The garrison of Smyrna paraded with branches of olive trees. Advances said that order prevails on the whole front and the army's operations continue.

RICH PEER WEBS.

(By International News Service.) LONDON, Nov. 26.—The duke of Westminster, one of the richest peers in Great Britain, and Mrs. Violet Rowley were married today at the registry office. Both are divorcees.

Crow Goes On Farewell Hike

Local Scout Executive R. D. Crow who is leaving Memphis on Dec. 1 to accept a position with the Meridian (Miss.) Boy Scouts, went on a farewell hike with many of the older scouts Wednesday. The party went to the woods near Raleigh and held a "weliner" roast, which lasted several hours.

Crow told the boys that they should get the camp spirit more. He said that several of them had told him they would leave scouting when he left Memphis, and he showed them that this was the wrong spirit.

Friday night Mr. Crow will make a talk before members of Troop No. 16, telling approximately the same things.

CHESPEAKE AND OHIO ASKS FOR BIG FUND

WASHINGTON, Nov. 26.—The Chesapeake & Ohio railroad applied today to the interstate commerce commission for permission to issue \$4,500,000 worth of equipment trust certificates to bear interest at 6 1/2 per cent, and to mature in 12 equal payments, beginning Dec. 1, 1934. The road also asked permission to issue \$2,650,000 worth of improvement mortgage bonds which, with other securities, will be offered as security for a government loan of \$3,750,000.

Construction of a comprehensive system of interior roads and waterways especially along the frontier, is of great necessity as a measure of defense, the report said. A Jap waterway between Chesapeake bay and Delaware bay, thence to New York harbor and Long Island sound, the report declared, would "provide a means of defense of immense value."

Three classes of roads are contemplated: Arterial, or feeder highways; development roads, the location of which has not been determined; and the present road and trail system, which would be continued.
